

## Zone 9/ Southern Sonoma County Operational Area

**Topic:** Progressive hoselay

**Equipment needed:** Minimum of a 3 person Engine Company with wildland hose compliment.

**Performance:** The engine company will perform safe and effective simulated fire attack, pre their own agencies given standard operating procedures.

**Discussion Topics:** Safety concerns, LCES, 10s and 18s, replacing a burst hose length, water usage/nozzle operation, proper hose clamping technic. Hose Ts and mop up operations.
